Questions & Answers

As of May 6, 2020

1. Question: When do you estimate an award will be made?

Answer: Our estimate is that award will be made in June 2020.

-----❖-----

2. Question: The RFQ document states that the offer must be valid until 30 September 2020 and that we have 60 days to deliver the car after award. There are 2 options we can offer: a new car that is available at that moment on stock (but we can't know for sure if a similar car will be available because the stock is always changing) or we can offer a custom made car but the ETA is bigger than the estimated requested delivery time. Is that acceptable?

Answer: The awardee must deliver the vehicle within 60 days from the date of award.

-----❖-----

3. Taking into consideration that we are not a Serbian company, can we make the offer in USD? Or we must convert the price in RSD? How is it acceptable?

Answer: Yes, you can make offer in USD or other currency by identifying the currency you are quoting in.
